

DA-CM1400 INSTALLATION MANUAL

This manual is intended for users of the DA-CM1400 ceiling mounting bracket. It includes instructions for mounting the DA-CM1400 ceiling mounting bracket to an I-beam.

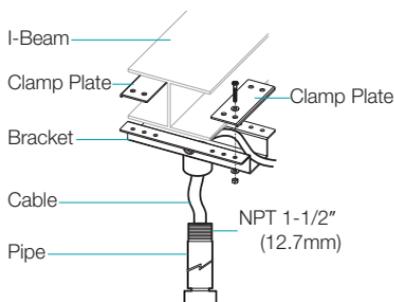

- This bracket is intended to be used with DC-S series model of cameras. Do not use it with other models of cameras.
- This installation should be performed by a qualified service personnel in conformance to all local codes.
- You may need to reinforce the I-beam. If the I-beam is not strong enough to support the camera, the camera may fall.
- Do not use this product for other purposes.

Mounting

Mount the bracket to the I-beam as follows:

- 1 Mount the bracket to the I-beam by using the clamp plates and screws.
- 2 Insert cables from external devices, network and power adapter into bracket.
- 3 Assemble the pipe into the bracket.

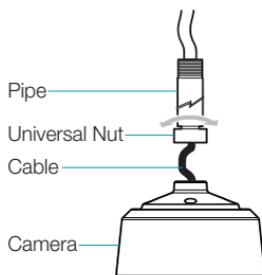

Connect your camera to the bracket as follows:

- 4 Connect the camera to the pipe by turning the universal nut.

Do not turn the camera but turn the universal nut when connecting the camera to the pipe, otherwise, the cable will be twisted.

- 5 Turn on power.

Dimensions

Unit: mm (inch)
