# DA-PM1100 INSTALLATION MANUAL

This manual is intended for users of the DA-PM1100 parapet mounting bracket. It includes instructions for mounting the DA-PM1100 parapet mounting bracket to a parapet.
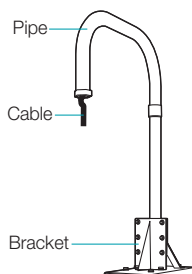

- **This bracket is intended to be used with DC-S series model of cameras. Do not use it with other models of cameras.**
- **This installation should be performed by a qualified service personnel in conformance to all local codes.**
- **You may need to reinforce the parapet. If the parapet is not strong enough to support the camera, the camera may fall.**
- **Do not use this product for other purposes.**

Mounting

Mount the bracket to the parapet as follows:

1 Mount the bracket to the parapet.

2 Insert cables from external devices, network and power adapter into bracket and route it through the pipe.
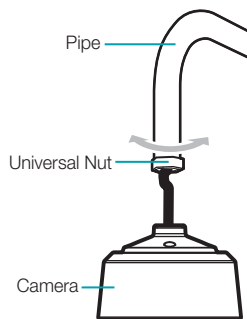

Connect your camera to the bracket as follows:

3 Connect the camera to the pipe by turning the universal nut.

> **Do not turn the camera but turn the universal nut when connecting the camera to the pipe, otherwise, the cable will be twisted.**

4 Turn on power.
